

# Creating a Future for Future Generations Together

MARUI GROUP seeks to create a future for a wide range of generations, including the younger millennials and Generation Z and Generation Alpha individuals who will lead the world three decades from now as well as the future generations who have yet to be born. At MARUI GROUP, we believe that corporate value entails creating harmony between the interests and happiness of all of our stakeholders and growing the intersection of these interests and happiness. We therefore recognize that we must not pursue economic development and prosperity at the expense of future generations. If we combine our existing assets and experience with the greater stock of wisdom of humanity, we will be capable of overcoming the crisis presented by climate change through co-creation and thereby reach a future characterized by happiness and prosperity in the truest sense.
